

# George Ciesinski

Front-End Developer

1535 Lakeshore Rd. E  
Mississauga, ON, L5E3E2  
(647) 804-9573  
george.ciesin@gmail.com

## EXPERIENCE

### New Era Technology, Toronto — VNOC / CSC Advocate

April 2017 - October 2022

- Created an application which replaces text shortcuts with saved templates, saving colleagues hundreds of hours after adoption
- Connect enterprise video conferences and provide live operator support to participants
- Investigate and resolve network and device issues by working with technology providers

### Humber College, Toronto — IT Client Services Analyst

August 2015 - March 2017

- Provided over-counter support to staff and students to resolve account issues
- Provided technical troubleshooting by e-mail and phone

### Multimatic, Markham — Jr. Database Administrator COOP

May 2013- August 2013

- Architected ETL process between two conflicting databases (MS Access, MySQL)
- Linked Kepware to MySQL to track errors, states, and part counts
- Tested alternative methods to link company databases (ODBC, VB Script)

## EDUCATION

### Humber College, Toronto — Electro-mechanical Engineering *Advanced Diploma*

September 2011 - April 2014

- Programmed articulated robots and PLC (Ladder and Structured Text)
- Utilized various programming languages such as VB, C++, and C#
- Designed an industrial 3D printer for Final Year project

## PROJECTS

### Restaurant Page — Using HTML, SASS, and JavaScript

A website for a French fine dining restaurant, including dynamically built menu

Live: <http://georgeciesinski.me/restaurant-page/>

### Library App — Using HTML, SASS, and JavaScript

Add books using ISBN or title, and track which ones you finished reading

Live: <https://georgeciesinski.me/library-app/>
